## Westside Haematology & Oncology

Level 3 32 Morrow Street, Taringa QLD 4068 | Ph 07 3550 3504

Westside Haematology & Oncology is operated by Montserrat Cancer Care. Our vision is to create a hospital environment that is comforting to patients and staff while housing some of the most talented Haematologists and Oncologists across Australia. Our centres facilitate a care philosophy of wellness through treatment for cancer, rather than illness.

Westside provides an integrated approach to the prevention and treatment of cancer. A gold standard approach in medical care where specialists and allied health services are aligned through education and multidisciplinary team meetings creating personalised treatment plans for every patient.

The management of Cancer requires the involvement of specialised Surgeons, Radiation and Medical Haematology Oncologist and diagnostic support services. Westside Haematology & Oncology (WHO) is a coordinated network of such specialist who as a team diagnose, stage and treat patients with confirmed or suspected cancer.

Our specialists see new cases rapidly, ensuring that the most appropriate investigation and optimal treatment are delivered without delay. Our doctors consult at Westside Private Hospital with priority access to Imaging radiation services and Chemotherapy.

### Which malignant conditions can we manage?

- Lung cancer/Mesothelioma
- Breast cancer
- Skin/Melanoma
- Colorectal cancer/Anal cancer
- Gastrointestinal cancers
- Hepato-pancreato-biliary cancers
- Gynaecologic cancers
- Undifferentiated malignancies
